October

Hi Friend!

As we cruise into sweater weather, we hope this update finds you well and wish you a safe and happy fall!

Working Safely in Broward County

Favero ensured his own safety and the safety of others during a confined space entry at a wastewater treatment plant in Broward County, FL. Equipped with a ladder, tripod, six point harness, lifeline, gas meter, personal protective equipment, door attendant and emergency response crew, **Del Favero** trekked nearly 30 feet below the surface for exploratory work on a weir door.

All-Star Performance at WEFTEC

Our team had a great time exhibiting at WEFTEC in New Orleans! **Terry Anderson**, **Kennan Burch**, **Randy Cordrey**, **Jim Bruce** and **Ashley Carlyle** (behind the camera) did an incredible job manning our booth and sharing information about our Combination³™ technology and capabilities with everyone. Thank you to all who stopped by to say hello!

We're Hiring

Field Service Technicians
