## Not Just a Vac Truck

**A Multifaceted Approach to Cleaning with One Piece of Equipment**

107-tons was recently removed from two separate structures at Barefoot Bay AWWTF, without the need to bring in additional equipment. The Combination<sup>3</sup>® truck has the ability to clean in wet or dry conditions and can easily switch between multiple setups.

## The Government Shutdown & The Effect It Has Had On Our Environment

**Our Nation's Water, Land, and Wildlife at Risk**

Now that the government has been temporarily reopened, take a look at which environmental agencies were most effected by the recent shutdown and the impact it has already begun to have. What awaits government workers as they work to catch up after a monthlong absence?
