Happy Holidays from USST

There is no better time than the holidays to pause and reflect upon the past year. We close out 2018 thankful for support from our customers, partners, and friends, and eagerly await the arrival of 2019 and the new adventures before us. On behalf of all of us at USST, we wish you a joyful holiday and a very happy new year!

3 Oxydation Ditches, 2 Wet Wells... and a Partridge in a Pear Tree

Multiple Structures in Full Operation
While 194-CY Removed

Using USST's unique [GritGone Process®](#) the crew was able to remove a significant amount of material from several structures while online and without resorting to confined space entry. Find out how USST can help save clients valuable time and resources.

In the USST Spotlight: Michelle Roberts

Say hello to Michelle Roberts, our dedicated Client Liaison in North Florida. She is an expert when it comes to guiding our clients through the sometimes-challenging procurement process as well as working with the Florida government.

A rare, Florida native, Michelle loves a good challenge, describes her dancing ability as “enthusiastic,” and thinks olives are the only acceptable pizza topping. Get the full scoop about our team member on our blog, including who she’d want on her team in case a zombie apocalypse should overtake our country.

Hometown: Wakulla County.

#1 Place I’d Like to Visit: Egypt.

One Surprising Thing About Me: I’ve never been able to whistle.
